

St. Marks Refuge Association Annual Meeting and Volunteer Recognition Luncheon

Saturday, April 3, 2010

Giles Thompson 6295 Coastal Hwy. - 1/2 mile west of Wakulla River Bridge, south side of U.S. Hwy 98

Join refuge staff, volunteers, and members of the St. Marks Refuge Association, Inc. in celebrating our accomplishments for the past 12 months. Please read through the flyer and RSVP on the coupon below for the luncheon and hike.

We will provide a special Low Country Boil. Please bring your favorite green salad, veggie, or dessert.

Agenda:

9:00 – 11:30am Sawdust Pile field trip with Joe White: Meet at Giles Thompson (address above), reservation required.

11:30-12:30 pm LUNCH

12:30-1:00 pm Biological Update

1:00 pm – 2:00 pm SMRA Presidents Message, Refuge Update, and Volunteer Awards

Frosted Flatwoods Salamander
(*Ambystoma cingulatum*)

The endangered Frosted Flatwoods Salamander is present at St. Marks, but is difficult to see. Refuge biologists monitor its habitat and maintain data on local populations. Much more work remains to uncover the mysteries of this species. It will be featured on this year's membership decal.
